Market Quotations The Best Clothes Values
You've Seen in Years

OU may think we've lost our minds when we announce a Clearance Sale of fine clothes at a time when prices are high and when there's reason to believe they'll go higher. But we're perfectly sane; our idea is to do as much as we can for our customers; and we see a chance to do it now.

We have a great many Fall and Winter Suits on hand. We bought them to sell this season and we're going to do it. We don't intend to carry them over. If we did, we could sell them for a lot more next year, but we want you to have them now. We want to make more friends for this store.

We're lowering the price as a special inducement. You can buy the best clothes made at prices way below present market values. Suits and Overcoats; very latest models; splendid all-wool fabrics.
